

REMARKS

Applicants submit the priority application and drawings as originally filed and have made amendments as summarized below.

The Cross-Reference to Related Applications section has been amended to identify the application as a Divisional application claiming priority from copending U.S. application number 10/165,510.

The Disclosure of the Invention has been amended to conform with the claims.

The Best Mode for Carrying Out the Invention has been amended to conform with the allowed parent application.

The Abstract section of the application has been amended to conform with the device claims of this divisional application.

Claims 1-6 have been canceled and claims 7 and 8 have been amended to conform with amendments in the parent application.

No new matter has been added

Conclusion

In view of the above, Applicants respectfully request entry of the amended changes. Allowance of claims 7-20 at an early date is solicited.

To the extent necessary, a petition for an extension of time under 37 C.F.R. 1.136 is hereby made. Please charge any shortage in fees due in connection with the filing of this paper, including any extension of time fees, to Deposit Account No. 01-0365 and please credit any excess fees to such deposit account.

Respectfully submitted,

Mikio Ishimaru
